

## Scientific Program – APAPU 2018

**December 13, 2018, 1.00 PM onwards  
Pre-conference CME**

**Pediatric Robotic Surgery myths facts and current status**  
Venue: UChicago Centre, DLF Capitol Building, Baba Khark Singh Marg, New Delhi

**December 14, 2018, 08.00- 12.00 hrs**  
**ICCS certified course on Pediatric Urodynamics & Neuropathic bladder**  
Venue: Royal Ball Room 2 (Hall B), Eros Hotel, Nehru Place, New Delhi

**December 14, 2018, 08.00- 12.00 hrs**  
**Hands-on Robotic workshop**  
**Advanced Laparoscopic wet lab**  
**Basic laparoscopic workshop**  
Venue: World Laparoscopy Hospital, Cyber hub, Gurugram

**December 14, 2018, 14.00-16.00 hrs**  
**ICCS course on Enuresis**  
Venue: Royal Ballroom 2 (Hall B), Eros Hotel, Nehru Place, New Delhi

**08.00 AM- 12.15 hrs** Hands-on Robotic workshop/ Advanced Laparoscopic wet lab/ basic laparoscopic workshop  
World Laparoscopy Hospital, Cyber hub, Gurugram, 9811416838  
All registered delegates to reach the venue on their own by 7:45 AM

08.00-09.00	Introduction of Minimal Access Surgery Principles of Laparoscopic Port Access Instruments Dissecting instruments, telescopes, different visual axis Principles of Camera, including one chip & three chip Difference in SD & HD Camera Various light sources, Xenon & LED light sources, light cables Laparoscopic Insufflator	KL Narsimhan (Singapore) S Roy Choudhury (India) Xie Hua (China) Minki Baek (S Korea) R Kanojia (India) Deepak Kandpal (India)
09.00-11.00	Hands-on dry and wet lab Laparoscopic procedures proposed for wet lab: Nephrectomy, Pyeloplasty, ureteral reimplantation	
11.00-11.15	<b>Tea break</b>	
11.15-12.15	Hands-on dry and wet lab	

**Bus leaves World Laparoscopy Hospital 12:15 hrs, to Eros hotel, Nehru Place, New Delhi**

**8.00 AM onwards: Registration and welcome**  
**08.30-11.00 hrs** ICCS certified course on Pediatric Urodynamics & Neuropathic Bladder  
**HALL 'B', Eros Hotel, Nehru Place, New Delhi**  
**Chairpersons: Sudipta Sen (India), M Bajpai (India), Hideo Nakai (Japan)**

08.30-08.50	Physiology, bladder dynamics and pathophysiology of bladder bowel dysfunction	Wen Jianguo (China)
08.50-09.10	Setting up urodynamic unit: Equipment, Personnel & Training Indications, Principles and types of urodynamic tools	V Sripathi (India)
09.10-09.30	The urodynamic evaluation of bladder dysfunction in children: indications, technique, interpretation.	Paul Austin (USA)
<b>09.30-09.45</b>	<b>Coffee Break</b>	
<b>9.45-11.00</b> <b>Chairpersons: Anette Jacobson (Singapore), A Krishna (India), Monika Bawa (India)</b>		
09.45-10.05	Functional voiding disorders and interpretation of uroflowmetry and cystometry	Kwanjin Park (S Korea)

10.05-10.25	Different urodynamic case scenarios and integrating the UDS result with the clinical scenario	Stuart Bauer (USA)
10.25-10.45	Managing bladder dysfunction/voiding disorders without urodynamics: Does it impact long term outcome?	Sudipta Sen (India)
10.45-11.00	Q and A session (Ramesh Babu)	A Jacobson (Singapore) A Krishna (India) Monika Bawa (India)
<b>11.00-12.35 Neuropathic bladder</b> <b>HALL 'A', Eros Hotel, Nehru Place, New Delhi</b> <b>Chairperson: Andrew Kirsch (USA), Graham Smith (Australia), Rajiv Kulshrestha (India)</b>		
11.00-11.15	Pediatric incontinence: diagnostic algorithm	S Ramesh (India)
11.15-11.30	Fallacies of Urodynamics in special cases (VUR, diversion, infancy)	Stuart Bauer (USA)
11.30.-11.45	Drug therapy for neuropathic bladder: how effective is it?	Tom De Jong (Netherlands)
11.45-12.00	Long term results of Botulinum toxin A (Botox) in detrusor over activity and detrusor sphincter dysnergia	MS Ansari/DK Kandpal (India)
12.00-12.15	Bowel management in neurogenic bladder: conservative and minimally invasive approach	K Das (India)
12.15-12.30	Augmentation cystoplasty in refractory neuropathic bladder with VUR: indication, option and long-term outcomes	M Bajpai (India)
12.30-12.40	MIS for Augmentation ileocystoplasty in refractory neuropathic bladder	SK Chowdhary(India)
12.40-12.45	Concluding remarks	C K Yeung (Hong Kong)

**Scientific Program – APAPU 2018**

**Day 1**

**14<sup>th</sup> December 2018 (Friday)**

**Royal Ballroom 3 HALL 'A'**

<b>12.45- 13.30 Hrs LUNCH</b> <b>13.30-13.40 Opening Address by:</b> <b>- Organizing Chairman/ APAPU President</b>		
<b>13.40- 14.40 Hrs Session: Antenatal diagnosis and intervention</b> <b>Chairpersons: K L N Rao (India), Stuart Bauer (USA), Andrew Barker (Australia)</b>		
13.40-13.50	Antenatal diagnosis in urology	Anita Kaul (India)
13.50-14.00	Antenatal intervention and impact on postnatal outcome	Kalpana Patil (UK)
14.00-14.10	Antenatal intervention for PUV: technique and PLUTO trial	M Abraham (India)
14.10-14.40	Panel discussion: antenatal diagnosis & intervention: evolving scenario.	<b>Moderator: A Krishna</b> A Kaul (India), Y Huang (China), K Patil (UK), M Abraham (India)
<b>14.40-15.40 Hrs Session Posterior urethral valves</b> <b>Chairpersons: Philip Ransley (UK), V Sripathi (India), Hideo Nakai (Japan)</b>		
14.40-14.55	PUV in Preterm babies	Tom De Jong (Netherland)
14.55-15.10	Urinary diversion and undiversion in PUV: challenges!	J K Mahajan (India)
15.10-15.25	Valve bladder: management and long-term outcomes	Graham Smith (Australia)
15.25-15.30	OBSCURE (Obstruction to child urethra): international survey	A Deshpande (Australia)
15.30-15.40	Panel discussion	

<b>15.40-16.00 History of APAPU (C K Yeung) / Inauguration &amp; Lamp Lightening/ Welcome address</b>		
<b>16.00-16.15 Coffee Break</b>		
<b>16.15-17.15 hrs Session Pelviureteric junction obstruction</b> <b>Chairpersons: B Mukhopadhyay (India), Ram Samujh (India), Shang-Jen Chang (Taiwan)</b>		
16.15-16.30	Controversies in PUJO: Imaging, RGP, Stents & residual HDN	VVShandrasekharam (India)
16.30-16.45	Laparoscopic Pyeloplasty in unusual circumstances	R Shah (India)
16.45-17.00	Robotic pyeloplasty: will it replace open/lap pyeloplasty?	M Gundeti (USA)
17.00-17.15	PUJO: Postoperative complications and management	Moriya K (Japan)
17.15-17.20	Redo-pyeloplasty: MIS approach	P Debnath (India)
<b>17.20- 18.50 hrs Session Urolithiasis and Testes</b> <b>Chairperson: A Shah (India), Tarmono (Indonesia), Prakash Agarwal (India)/DKG</b>		
17.20-17.35	Treatment planning & selecting the approach for pediatric urolithiasis	Serdar Tekgul (Turkey)
17.35-17.50	Rigid and flexible URS for Pediatric urolithiasis	Young Jae Im (S Korea)
17.50-18.05	PCNL and ultra mini PCNL in children: current indications	M S Ansari (India)
18.05-18.20	Impalpable testis and torsion: early recognition, guidelines and treatment	S Roy Choudhury (India)
18.20-18.35	Varicocele in children: when and how to treat?	Andrew Kirsch (USA)
18.35-18.50	Ureterorenoscopy for large ureteric stone in infancy	P Yadav (India)
<b>Faculty Dinner 19.30 hrs onwards at the Royal Ballroom 2 &amp; 3</b>		

<b>Scientific Program – APAPU 2018</b> <b>Day 1 Parallel session in HALL 'B'</b> <b>14th December 2018 (Friday)</b>		
<b>Lunch 13.00-14.00 hrs</b>		
<b>14.00-15.00 hrs Workshop on Enuresis</b> <b>Chairpersons: R N Srivastava (India), Kwanjin Park (S Korea), Jianguo Wen (China)</b>		
14.00-14.20	Physiological basis of enuresis: current research situation	C K Yeung (Hong Kong)
14.20-14.40	Monosymptomatic and Non-monosymptomatic enuresis: Evaluation	Siddharth Sethi (India)
14.40-15.00	Management of enuresis	Paul Austin (USA)
<b>15.00-16.00 hrs</b> <b>Chairpersons: A Vasudev (India), Siddharth Sethi (India), S Sharma (India)</b>		
15.00-15.12	Medication resistant enuresis: recent advances	Shigeru Nakamura (Japan)
15.12-15.24	Starting an Enuresis clinic: Ground reality in India	A K Gulati (India)
15.24-15.40	Bedwetting: Social aspects and treatment perspectives in different countries (each 5 minutes)	Andrew Barker (Australia) Yi Yang (China) Shang-Jen Chang (Taiwan)
<b>Delegates move to Hall A for Inauguration ceremony</b>		
<b>15.40-16.00 History of APAPU (C K Yeung) / Inauguration &amp; Lamp Lightening/ Welcome address</b>		
<b>16.00-16.15 Coffee Break</b>		
<b>16.15-16.45 hrs Guest Lecture</b> <b>Chairpersons: J Kirtane (India), Amar Shah (India),</b>		

16.15-16.30	Undescended testis: Five key questions	K Parikh (India)
16.30-16.45	Retroperitoneoscopic surgery feasibility & role in Pediatric Urological practice	R Ramadwar (India)
<b>16.45-17.45 hrs Case presentation and discussion</b>		
<b>Chairpersons: Sudhakar Jadhav (India), Stephen Yang (Taiwan), Andrew Kirsch (USA)</b>		
16.45-17.00	Case 1	
17.00-17.15	Case 2	
17.15-17.30	Case 3	
17.30-17.45	Case 4	
<b>18.00 hrs onwards APAPU board meeting</b>
